

### **About the de Revere Singers:**

The de Revere Singers is a professional vocal ensemble of sixteen singers whose musical biographies include solo appearances around the world as well as a vast wealth of ensemble experience. Under the direction of E. Jon de Revere, Associate Professor of Music and Music Education and Director of Choirs at New York University, they come together to offer audiences a variety of repertoire that spans from medieval days to the present and includes seasonal music and works from the American musical theater. In recent critical reviews Barton Wimble of the New York Daily News stated "A major new vocal ensemble...the de Revere Singers should enjoy a good span of life with their imaginative programs and musical savvy." Byron Belt of Newhouse Newspapers said "...de Revere led his crack forces through a stimulating and enjoyable program...the format was refreshing and the performances polished. A chamber choir of quality."

### **About the Music:**

**EL YIVNEH HAGALIL** is a Hebrew folk song which proclaims "God will build Galilee, Blessed is the building of the Galilee." Interwoven within this folk melody are the first eight notes of the hymn **ADON OLOM** (The Lord of the Universe). This hymn of God's omnipotence and providence was originally intended for nighttime prayer, however, it has been a part of the morning service since the 15th century. Throughout the ages, **ADON OLOM** has penetrated many rituals.

The singers must work to cleanly articulate the augmented seconds (g to a sharp and c to d sharp), especially in the canon where the tempo is fast. The piece should start out very legato and soft and build in intensity until the "hoi"!
