## Six things to tell your chorus about 2017 Las Vegas

### **Show them the awesome stage -- you'll sound great**

We've never had it so good:

- A premier stage built for performance
- Stunning visuals on the giant screens
- Coolio lighting sets

### **Show them the awesome seating -- bring the family**

- Super-comfortable Las Vegas theater accommodations
- Right-sized theater -- every seat with great sight lines, so your family can really experience your performance

### **Show them the awesome, affordable hotels**

- Easy access from all our properties-- and most walks even shorter than before.
- Our most affordable hotels! Even the most financially constrained singers should be able to get rooms in the \$90-\$120/night range
- Upgrades and perks! Your BHS room package adds in Internet access, comp drinks and food discounts.

### **Remind them just how tight this contest will be**

- **A chase for medals:** there's no such things as a slam dunk in the top five anymore
- **A chase for top ten:** five percentage points span sixth through 13th place!
- **A chase for top twenty:** A span of four percentage points covers SIXTEEN choruses from 14 through 30. Lots of room for shuffling around!
- **If ever there were a year for "all hands on deck," it's this one**

### **Of course... It's Vegas**

- Fun, shows, glitz, glow
- Affordable air travel with advance planning

### **Of course... it's an awesome convention**

- So much more than just showing up for rehearsal and contest
- Unforgettable shows from the Association of International Champions, Saturday Night Spectacular and World Harmony Jamboree
- Harmony University classes, Tag zones, hospitality, friends from around the world

## How and why to communicate with your chorus and families

### **It helps you grow and succeed**

Chorus managers and presidents are the front line of revving up the excitement for the 2017 International Convention in Las Vegas. The sooner your individual singers catch the enthusiasm and make the commitment, the better your attendance and performance will become.

### **A big convention is a fun convention; a big audience is more fun to entertain**

When you grow the audience, you expand your fan base and the size of the applause wave. Make Las Vegas memorable!

### **It helps the Society grow and succeed**

In addition to controlling costs for the event itself, a successful convention underwrites the mission of the Society to spread harmony throughout the world. Expansions of education, outreach, and chapter support initiatives are possible thanks to the bottom-line success of our conventions.

## Set the tone before you come home

Five minutes talking at a rehearsal break the following week doesn't create excitement. Catch your members, families and friends where they live, over and over -- in social media.

### **Don't wait -- Facebook, Instagram, and Tweet everything with #BHSVEGAS hashtag**

- Beautiful rooms? Snap a picture.
- Love that theater? Say so! Show it off.
- Night on the town? Share it!
- Find the perfect tag spot? Sing it and share it.

"We are always impressed by your ability to make the largest distributor trade show in the pharmaceutical industry run so smoothly. Having the two connected facilities allows us to keep all attendees in one location, making the logistics of conducting an event of this magnitude not just manageable but hugely successful."

## **ARTICLE XI: STAGING**

### **D. International Contest Staging**

1. Any use of props and/or stage enhancements that damages microphones and/or lights will result in the chorus or quartet being held financially responsible to BHS for the replacement in kind of the damaged equipment. At no time are competitors allowed behind the risers.
2. Any use of props and/or stage enhancements that results in alteration to the condition of the stage and/or house and requires additional labor to rectify the stage and/or house to its pre-performance condition will result in the chorus or quartet being held financially responsible to BHS for the total cost of the labor incurred.
3. If props and/or stage enhancements are to be used, they must be simple enough that at most two men can carry and set them up, and they must be freestanding. Nothing can be attached to or leaned against the riser (back) safety rails. No extensions to the end risers are permitted. No props or stage enhancements can be used that may contravene local fire and safety codes (open flame, fireworks, open water other than in a glass or pitcher, etc.). Violations of this will result in a penalty of 150 points from the composite score earned by the performance. The stage crew, with the concurrence of the Chair, Contest & Judging, will make this determination.
4. Confetti and similar small material that requires extensive cleanup is banned from use in both chorus and quartet contests. Other props which are difficult to clean-up (requiring mops, brooms, vacuum cleaners, etc.) are strongly discouraged from the stage. Any clean-up longer than 60 seconds will result in a penalty of 150 points from the composite score earned by the performance. This does not include the pick-up of coats, tables, vests, etc., that do not require further cleaning. Time will begin from the start of the clean-up effort and kept by the Stage Crew, with the concurrence of the Chair, Contest & Judging. At no time are competitors allowed behind the risers.
5. Choruses are expected to get on stage in a prompt manner as to ensure the contest flows smoothly. Development of additional staging detracts from the flow of the contest. From the time the chorus is given the OK to assemble on the stage to the moment the chorus indicates it is ready to perform, it is reasonable that a chorus of less than 50 is onstage and ready within 6 minutes, 50-100 is ready within 7 minutes, and 100+ is ready within 8 minutes. Exceeding this time frame will result in a penalty of 150 points from the composite score earned by the performance. The stage crew will keep the official time and the Chair, Contest & Judging (or designated representative) will be present for the loading process to ensure fairness and will provide exceptions for issues beyond the chorus' control. Nothing in this rule is intended to discourage an individual or individuals entering or exiting at a time that is different from the bulk of the chorus or an indication of readiness. Warnings will be given at 1 minute and 30 seconds. At no time are competitors allowed behind the risers.
